# Atea Azure Expert Center

## We know Azure...

On-premise, hybrid, public...50+ services in Microsoft Azure...bewildered?

You are not to blame – Azure is mind-blowing and it can be overwhelming to figure out what the ups and downs of Azure are. It is not easy to combine the different pieces of the puzzle and end up with a modern infrastructure that fully supports your business needs. Is your team ready?

We have been working with Azure since 2008. And yes, we have hit those pitfalls during the years. You can benefit from it by leveraging the Atea Azure Expert Center. Kick-start your journey towards a new future by attending our INSPIRE-RETHINK Azure workshop.

<b>COMPUTE</b> Virtual Machines, Cloud Services, Batch, Scheduler, Remote App	<b>NETWORKING</b> Virtual Network, Express Route, Traffic Manager, Load Balancer	<b>IDENTITY &amp; ACCESS</b> Azure AD, Multi-Factor Authent., Access Control, RMS
<b>STORAGE &amp; BACKUP</b> Storage Blob & Files, Backup Services, Import Export, Site Recovery, StorSimple	<b>DATA</b> SQL Database, DocumentDB, Redis Cache, Search, Tables	<b>DEVELOPER</b> Visual Studio Online, Application Insights
<b>HYBRID INTEGRATION</b> Storage Queues, Biztalk Services, Hybrid Connections, Service Bus	<b>MANAGEMENT</b> Automation, Portal, Key Vault, Operational Insights	<b>COMMERCE</b> Store Marketplace, VM Depot
<b>WEB &amp; MOBILE</b> Web Apps, Mobile Apps, API Apps, Logic Apps, API Management, Notification Hubs	<b>ANALYTICS &amp; IoT</b> HDInsight, Machine Learning, Stream Analytics, Data Factory	<b>MEDIA</b> Media Services, Content Delivery Network

- 50+ Azure services covered
- On-premise, Hybrid, Public
- DevOps expertise available
- Rebuilding your infrastructure & applications
- Innovative solutions built-in
- Effective Azure operations

# What does the INSPIRE - RETHINK workshop do for you?

Feature	Benefit
INSPIRE	Get inspired by our Azure experts on how to best utilize the amazing world of Microsoft Azure. Get ideas for your own business needs based on concrete scenarios and live demos – not only slideware.
RETHINK	With the assistance of our Azure experts, rethink your own infrastructure and applications and be ready for a DevOps future.
Direct access to 25+ Azure experts	We have experience and know how to rebuild infrastructure and applications effectively on Azure. It is much more than just moving compute power to Azure and have some virtual machines in Azure – you need to RETHINK your infrastructure and applications.
DevOps expertise	We not only transform, but are also DevOps experts. Meaning, we know how to operate Azure and continuously further develop you infrastructure and applications for the benefit of your business.
Demo, demo, demo...	PowerPoint is nice, but nothing beats the power of seeing is believing. We show you, we inspire you, we work with you, we rethink with you.

## A two-day INSPIRE-RETHINK workshop

The two-day INSPIRE-RETHINK Azure workshop will take place in our DevOps Center in Riga, Latvia. Here we also have placed the Atea Azure Expert Center.

During those two days we will not only INSPIRE you, but also together with you RETHINK your infrastructure and applications and thus give you the insight into how you can reap the benefits of the currently 50+ services available in Microsoft Azure.

## DAY 1 - I N S P I R E

- You present your infrastructure & applications
- Azure Deepdive – including demos
- Your specific scenario – walkthrough, demo, discussion
- Additional Azure services which benefit your business

## DAY 2 - R E T H I N K

- INSPIRE day recap
- Our preliminary RETHINK plan for you
- Working on finalizing the Azure RETHINK plan
- DevOps of the RETHINK plan
- How To Get Going?

## Scenarios

As a preparation for both you and us, we will in ample time before the INSPIRE-RETHINK workshop send you a catalogue with 15+ scenarios we have identified as being workloads that will benefit greatly from being moved to Microsoft Azure.

You pick 1, 2 or maybe even 3 of those scenarios, where you can identify yourself and this will be the baseline for us working together during the INSPIRE-RETHINK workshop.

Amongst others, the identified scenarios include an aging datacenter, disaster recovery, flexible compute power needs, availability of applications on all types of devices and control of access and consumption of different SaaS applications through Active Directory.

## Included...

Besides two days with inspiring Azure experts and professional content, the price for the INSPIRE-RETHINK workshop also includes hotel in Riga, transportation and all meals. The only thing you need to worry about is being ready and your plane ticket to/from Riga.

Contact your Atea account manager for further details.

## About Atea

Atea is the leading Nordic and Baltic supplier of IT infrastructure with approximately 6,500 employees. Atea is present in 90 cities in Norway, Sweden, Denmark, Finland, Lithuania, Latvia and Estonia. Atea delivers IT products from leading vendors and assist its customers with specialist competencies within IT infrastructure services with its approximately 3,700 consultants and 7,500 technology certifications. Atea had revenue of approximately NOK 24.6 billion in 2014 and is listed on Oslo Stock Exchange.
